

Hello, physical science students.

Exam Three is now available and is **due by 11:30 a.m. C.T. on Monday, November 10, 2014**. The exam covers material from **Weeks Eight, Nine, Ten, and Eleven**. The best way to begin preparing for the exam is by looking over the solutions for all of the assignments submitted during those weeks. All solutions for Weeks Eight, Nine, and Ten are available now, and Week Eleven solutions will be available at 11:30 a.m. C.T. on Monday, November 03.

1. The exam is open-book and open-note.
2. You may use a calculator on the exam.
3. You may **NOT** work on the exam with any other student or any other person.
4. You may **NOT** discuss the exam with anyone until after 11:30 a.m. C.T. on Monday, November 10.
5. You have **one chance** in which to complete the exam, and you will not be allowed to re-open the exam once you close it. **Make sure you complete and submit the exam before closing it.**
6. You have until **11:30 a.m. C.T. on Monday, November 10** in which to complete the exam. I will **NOT** accept any late exams.
7. After opening the exam, **you have only 1.5 hours** (90 minutes) in which to complete it.
8. You will lose 5 points for every minute you exceed the exam time limit. Prepare thoroughly before opening the exam because you will not have enough time to look up all of the answers to the exam.
9. I must hand-grade your exam, and so the grade you are given upon completion might be lower than the grade you actually receive.
10. Your exam grade, your work, my feedback, and my solutions for the exam will be available in your grade book after 11:30 a.m. C.T. on Monday, November 10.
11. You can find the link to Exam Three by clicking the Blackboard "Assignments" button and then selecting "Week Twelve Assignments."

Good luck!
